

Environmental Policy

Fusion-ICT is committed to protecting and enhancing local and global environments and ensuring that activities are carried out in a sustainable way.

To meet this policy aim, we will endeavour to:

- be aware of all new environmental legislation and regulations
- comply with all environmental legislation and regulations

- minimise energy use and its associated CO2 emissions
- maximise the use of renewable energy sources where possible

- minimise the generation of waste
- maximise the re-use of materials and products
- maximise the use of recycled materials and products
- maximise the recycling of materials and products

- minimise raw material consumption
- maximise the use of material from renewable sources
- minimise polluting emissions to air, land and water
- minimise the use of polluting forms of transport

- assess the environmental impacts of all working practices and product manufacture
- assess the whole life environmental performance of all purchases

- maximise the use of local products and local workforce
- minimise the use of water
